

REMARKS

Applicant requests reconsideration and further examination of this application.

Applicant appreciates the Examiner's indication that Claims 5 and 6 are allowable if presented in independent format with the limitations of the base and any intervening claims. Further, Applicant appreciates the Examiner's indication that Claims 11- 15, 17, and 22 – 25 are allowed.

Applicant has amended Claim 5 to include all the limitations of its base claim, Claim 1, except for the limitations of:

said first pivot axis is at an angle ranging from 5 – 25 degrees relative to said right side outer edge of said panel, and wherein said second pivot axis is at an angle ranging from 5 – 25 degrees relative to said left side outer edge of said panel.

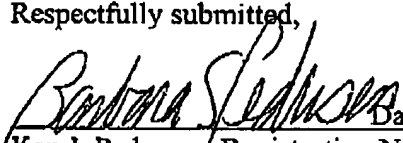

Applicant does not believe that these limitations are necessary for novelty and unobviousness of amended Claim 5, and does not believe that these limitations were a factor in the Examiner's indication of allowability of Claims 5 and 6. Therefore, these limitations have been omitted from Claims 5, and, hence, from Claim 6. Also, Applicant has addressed the objection to the language in lines 8 to 9 of Claim 1 ("to a setup position") when amending Claim 5; the objection to the language of line 23 of Claim 1 is moot, as this language is not included in Claim 5. Therefore, Applicant believes that Claim 5 is allowable, and also believes that Claim 6, which remains dependent upon Claim 5, is allowable.

No changes have been made in Claims 11- 15, 17, and 22 – 25, as they have been allowed.

Claims 1, 3, 8, and 21 are rejected under 35 U.S.C. 102(b) as being anticipated by *Banner* (Patent No. 5,941,496) and Claim 10 is rejected under 35 U.S.C. 103(a) as obvious over *Banner* in view of *Choi* (Patent No. 4,610,416). Although Applicant does not agree with the rejections or statements made in the rejections, Applicant cancels 1, and amends Claim 3, 8, 10 and 21 to be dependent upon Claim 5, in order to move the application to allowance.

Applicant now believes the application is in condition for allowance and respectfully requests the same.

Respectfully submitted,

 Date: 1/13/06
